Good road links offer easy access to the historic capital city of Cadiz, Jerez with its airport all easily reachable in less than an hour. The world famous city of Seville is just over an hour and offers rail and airport connections.

The property itself is generous in size and is arranged on one floor. A gate gives access from the street into the property where a covered car port is located to the right offering off-road parking for 1 or 2 smaller vehicles. The garden path flanked by fruit trees winds towards the villa and to the covered front terrace offering plenty of space to sit and enjoy the views into the mature gardens.

Inside, you will find an extensive living room (50 m²) with ample space for indoor dining and a study area as well as the lounge with large windows overlooking the garden. The spacious kitchen (26 m²) has ample space for a large breakfast table and is conveniently located next to the rear covered terrace and BBQ area overlooking the private pool.

There are 3 good sized double bedrooms, each equipped with air conditioning. These share a family shower room recently updated in 2023. There is also plumbing in the bathroom for the washing machine. To the rear of the villa is a large store room with shelving and houses the aero-thermal central heating system and solar equipment for the hot-water heating installed by the current owner in 2024.

To the rear of the property you will find the fenced pool and patio area and small astro turf sunbathing garden. The pool measures 10x5m and was recently refurbished in early 2025. To the side of the pool is the 2nd bathroom.
