Villa Luz is a fabulous property which has recently been constructed by its current owners. They have carefully designed and crafted an architectural statement property to the highest standards creating a wonderful family home and or holiday retreat.

This stunning villa is located on a no-through road in an exclusive urbanisation close to San Andrés Golf. A few restaurants are within walking distance along with the golf course and its amenities. It takes just 10 to 15 minutes to reach several of the most stunning beaches here on this part of the Costa de la Luz such as La Barrosa and Cabo Roche. Good road links make it easy to reach city of Cadiz and Jerez de la Frontera airport in under an hour.

Beautifully presented both inside and out, a brief walk-through description is as follows:-

Entry into the property is via electrically operated gates. This leads into a large parking area and turning circle decorated with native flowering shrubs and trees.

A large door leads into the main hallway which is flooded with light from floor to ceiling windows which feature throughout the ground floor level. The extensive open plan living area is to the left. The modern fitted kitchen with high grade units, "Carrara" marble worktops and integrated appliances runs along the full length on one side. A matching island with breakfast bar creates a natural divide between the kitchen and the dedicated dining area. This continues to the living room with ample space for a large sofa and complimentary furnishings. High quality light coloured floor tiles feature throughout the space whilst large sliding patio doors along one side create a seamless connection with the terrace bringing the outdoors indoors.

The terraces sit alongside the 12x8m private swimming pool and patio. The views of the picturesque low-maintenance landscaped gardens can be enjoyed from the pool-side dining area or perhaps the sunbathing terrace. The choices are endless.

Returning to the main entrance hall and to the right is the ground floor guest bedroom. A door gives direct access to the pool terrace. A suite of fitted wardrobes run along one side giving plenty of storage space.

Also on the ground floor is a modern bathroom with shower, basin and WC. The utility room with fitted units and the washing machine is next to the bathroom. A door leads out to the side of the property.

Stairs from the hallway lead up to the first floor where you will find the incredible master bedroom with en-suite bathroom. There is a free-standing bath, separate shower, double vanity and WC. Mood lighting adds to this relaxing environment. A wall of fitted wardrobes provides plenty of storage.

Opposite the master bedroom is the 2nd guest room with fitted wardrobes and en-suite shower room with shower, basin and WC.

Outside the villa sits centrally in the overall plot. The pool and terraces are located on the south-facing side, whilst the large parking area is to the north. The garden has been fully landscaped with low-maintenance in mind whilst being furnished with a large variety of pots, flowering shrubs and trees, including a few older olives which existed on the original plot.

With entertaining in mind, there is an outdoor kitchen and BBQ area to the side of the villa, conveniently located close to the pool and terraces.

This very special property needs to be seen in person to be fully appreciated.
