Beautifully presented throughout and arranged around the pretty central patio, a brief description is as follows:-

Entrance into a covered porch which leads directly into the private patio. To the left is the 3rd bedroom which is currently used as a home cinema. Full length traditional style windows look out to the street whilst the tall ceiling is decorated with original beams.

The main living area can be accessed either through the kitchen or directed into the living/dining room via contemporary style metal framed doors. The living area to the left features beautiful beamed ceilings, original exposed stone walls and fireplace with wood-burning stove. The living room extends to the dedicated dining area which in turn, leads to the contemporary kitchen connected by a stone archway.
